

6723 MONOLEC® REFRIGERATION OIL

CURTIS PACKING CO., Tifton, GA

Frick Reciprocating Ammonia Compressors • SIC 2011 Meat Packing Plants

LE saves thousands of dollars annually in lower trucking costs, operating costs, electrical costs and through less maintenance on food plant machinery.

CUSTOMER TESTIMONIAL

CUSTOMER PROFILE

Curtis Packing Company is a meat processing and institutional company based in Tifton, Georgia, servicing the Southeastern United States. They have been an LE customer since 1986.

APPLICATION

Curtis Packing uses Frick Reciprocating Ammonia Compressors for the refrigeration on cold storage units in plant and on the five delivery trucks in their fleet.

AREA OF CONCERN

They were looking for a quality lubricant that would extend drain intervals and reduce downtime due to less maintenance and protect their valuable investments.

LE SOLUTION

The local LE Lubrication Consultant recommended 6723 MONOLEC® Refrigeration Oil. LE's 6723 contains special additives to prevent sludge and ensure low temperature fluidity while providing longer effective life.

CUSTOMER COST SAVINGS

Curtis Packing Company operates a very clean, efficient plant. Partner Jerry Branch believes that the use of LE products has helped to increase plant and trucking efficiency. Jerry says LE saves

thousands of dollars annually in lower trucking costs, operating costs, electrical costs and through less maintenance on food plant machinery. Jerry is so pleased with LE products he states; "I also use LE lubricants in all my personal vehicles to protect my investments".
